## EXCITEMENT AT COLONIAL BEACH

Young Washingtonian Has Narrow Escape From Drowning Sunday.

### A GALLANT RESCUE.

**Eighteen-Year-Old Youth At Risk of His Life Swam to Drowning Man and Held Him Up.**

Alexandrians who visited Colonial Beach yesterday tell of the thrilling rsecue of a young man from a watery grave by the gallant act of a Washingtonian.

In the presence of more than 2,000 persons, Paul C. Bragg, eighteen years old, of 6 Quincy street, northeast, Washington, risked his life to save Isaac C. Rosenstein from drowning.

Rosenstein attempted to swim about 800 yards from the shore to a yacht anchored in the Potomac, but was stricken with cramps when he had covered about two-thirds of the distance. His cry for help startled hundreds of swimmers, but none was so quick to act as young Bragg, who sprang from the yacht to the water and was soon at the side of the struggling man.

Getting behind Rosenstein, Bragg slipped his arm around the helpless man's neck and turning over so that both lay in the water face up, began swimming to shore. In the meantime a boat had put out to the rescue and while a few yards from shore the two swimmers were hauled aboard.

The feat was witnesed by a great crowd of members of the Young Men's Hebrew Association, who went down to the beach aboard the steamer St. Johns. Bragg is a member of the Y. M. C .A., and often swims in the big pool there.

## JUDGE SETS ASIDE VERDICT.

**Miller Had Been Awarded Damages Against Harrisonburg.**

Harrisonburg, Va., June 16—A case of unusual interest has just been concluded here in the Circuit Court. In a $5,000 suit against the town of Harrisonburg J. A. Davis, a miller of the Isand Ford neighborhood, was awarded $1,300 by the jury. Judge Haas Saturday afternoon set aside the verdict as contrary to the law and the evidence.

Davis owns two mills located a mile o rtwo from the Hydro-electric plant on the Shenandoah river, about 12 mies from town. For several years past the mills have been closed during the seasons of prolonged drouth, the water supply being too low to run the mills on. Davis claims that the stoppage of the mills has resulted in the loss of thousands of dollars to him.

The point he makes is that the water was stored up in the power plant dam during the daytime in order that a head of water might be accumulated to run the electric plant at night. This detention of water, he claims, deprived him of the use of the water in the mills. There will be another trial here, and no matter how it turns out the matter is sure to get into the Supreme Court.

## LONE STAR CAMP BAND.

**Latest Addition to Alexandria's Musical Organizations.**

It may be interesting to the public to know that the band which is to furnish the music at the commencement exercises of the Alexandria High School in the Young People's Building of the M. E. Church South, this evening, is one of the city's newest additions to its musical circles, it having been in existence only a little more than three months, but yet has made such rapid progress in this short space of time as to have been regarded sufficiently proficient to be called upon to render its services for this occasion. For the most part its membership is made up of our boys from the George Washington and high schools, and is known as the band of Lone Star Camp No. 1, American Indian Guards. This organization having been instituted in our city last November, by W. S. Nicklin, a member of the city School Board from the First Ward.

The purpose of the organization is to assist in bringing its members up into the highest and noblest type of manhood, by inculcating those principles, which will make of them honorable, moral, God fearing, home and country loving patriotic citizens. It comprises a membership of over 100 boys from 12 to 18 years of age, and in addition to the band a military company is maintained, which meets weekly every Monday evening, and prominent citizens of the city give interesting talks before the society at their business meetings on Friday nights.

## HAWAIIANS THINK WAR INEVITABLE

Have Fortified Themselves in Crater of Extinct Volcano.

### PREPARE FOR A SIEGE.

**It is Said That Sixty Thousand Japanese Are in Islands Ready to Fight Against Americans.**

Washington, June 16.—American troops in the Hawaiian Islands have taken possession of the crater of a large extinct volcano situated on the coast and are working night and day to convert it into a fort capable of withstanding a long siege.

Ammunition, food supplies, and other necessaries are being stored in it; guns are being mounted, a water suppy has been arranged for, and gardens have been planted on the slopes of the crater to provide food.

This information reached Washington today from an authentic source in Honolulu. The communication further said that Americans living in the Hawaiian Islands, including the troops, are very anxious over the Japanese situation. It was stated that in Honoulu that war with Japan is regarded as certain, an dthat, recognizing that under ordinary circumstances the 60,000 Japanese living in the Islands, most of whom are former soldiers, would have little difficulty in seizing the possessions, the authorities are straining every nerve to prepare for resistance.

The army and marine corps officer believe that practically all of he Japanese in Hawaii were sent there for no other purpose than to be on hand to seize the islands in case of war; that these men are thoroughly prepared, incuding equipment, to take the field on short noitce.

The communication says that the American troops have moved into the crater bag and baggage, that living quarters are being prepared within an dtha tguns are being mounted all around the rim so that a fortress capable of resisting an attack from either land or sea will confront any forces that may attack the place.

**Fire at the V. P. I.**

Blacksburg, Va., June 16.—The machine shops at the Virginia Polytechnic Institute were destroyed by fire Saturday morning, entailing a loss of $65,000. Their efforts resulted in the flames being confined to the one building.

## ENABLING ACT AN ISSUE.

**Ernest L. Robey Opposes Walter T. Oliver.**

Fairfax, Va., June 16.—The entrance into the contest for the House of Delegates from Fairfax county, of Ernest L. Robey, of Herndon, has drawn an issue between the opponents and advocates of the enabling act in Fairfax county.

Walter T. Oliver, the incumbent, voted against the enabling act at the last session of the general assembly, and in his announcement as a candidate for re-election he declares that he will maintain the same attitude, returned. Mr. Oliver had the field himself for a time and was satisfied that his attitude on the enabling act was satisfactory to his constituents, but Mr.Robey has announce dhis candidacy and the fight will be made on Mr. Oliver's record on this matter.

Mr. Oliver has served in the House of delegates for three terms. Mr. Robey is mayor of the town of Herndon, a Mason of high standing and a prominent citizen of the county. His friends expect him to win, but the indications are that the contest will be exceedingly close.

**The Saegmuller Sale.**

About two weeks ago the home of George N. Saegmuller, in Alexandria county was put up for sale at public auction as the outgrowth of an equity suit. The terms of the sale were cash, ten thousand dollars to be paid on the day of sale. The property consists of splendid improvements and about two hundred and fifty acres of land. Those conversant with property in Washington district, even the most optimistic had no idea that over one hundred thousand dollars would be bid. Much to the surprise of all an outsider bid $112,250. and Mr. Saegmuller bought it in for $112,500, and it is believed he would have gone higher if necessary. The sale indicated how property is valued in this beautiful section of the county. Much of this land is over half a mile from the railroad and the price brought is considered an excellent one for so large a tract.—Alexandria County Monitor.

## AMERICANS ROUT REBELLIOUS MOROS

Six United States Soldiers Killed in Fierce Engagement.

### DESPERATE FIGHTING.

**Sultan of Jolo Last of Rulers to Submit—Claimed he Held Sway Over Island and U. S.**

Manilla, June 16.—Wireless reports from Jolo today told of the final rout of the rebelious Moros on Mt. Bagsag, with six Americans killed and seven wounded.

The last entrenchment, according to the belief reports, was captured during the night after desperate fighting. The battle began just before dark, when the troops under Brigadier General Pershing advanced on the Moros in greater numbers than in any of last week's engagements.

The Americans under Brigadier General Pershing set out last Wednesday against the last of the rebellious Moros entrenched at Bagsag under the fanatical Sultan of Jolo.

In the first engagement the Americans lost six killed and twelve wounded. The day following they lost one killed and one wounded. The total casualties of the campaign were thirteen dead and twenty wounded, according to the wireless reports received here.

## TRAIN STRIKES WAGON.

**Seven Severly Injured, Some Perhaps Fatally.**

Danville, Va. June 16.—Seven persons were severely injured, some perhaps fatally, when Southern mail train No. 43, on the Southern Railway, struck a wagon load of men and women at a road crossing near Stokes land, shortly after 6 o'clock yesterday afternoon.

The injured are Mrs. Lee Hagood, Lee Hagood, J. E. Dodson, Bessie Perkins, aged seventeen years; Lelia Perkins, aged fifteen years; Della Canada, aged fifteen years, and Ofu Canada, aged seventeen years.

The injuries sustained by these persons, all of whom are white cotton mill operatives, at Schoolfield, were fractured, sprains, and body gashes.

A spectator declared that the vehicle, draw nby two horses, was being driven across the dangerous road crossing between Stokesland and Schoolfield, when the mail train, labbing up a stiff grade, ran into the wagon just as it reached the track. The train could not be seen by the driver until they met. Shouts attracte the man, and turning his head he saw the engine strike the cart, hurling out everyone of the seven occupants. Fortunately the impact was so severe the bodies were thrown clear of the track, otherwise they would undoubtedly have been mangled. The wagon was demolished entirely, one horse killed and the other maimed beyond hope of cure.

**Supposed Murder Victim Discovered.**

Weighted down with stones, the body of an aged man who appeared to be a murder victim was discovered in the Ohio river near Washington Bottom, near Parkersburg, W. Va., yesterday by William Halfhill, a fisherman.

Every pocket in the man's clothing was filled with stones. The clothing was of the best material. No identification is possible, due to the badly decomposed condition of the remains. County Coroner Steinbeck is investigating. The dead man was apparently more than 60 years of age.

Three men were drowned and two narrowly escaped death yesterday when they tried to change places in the rowboat in which they were crossing Cedar Lake, Ind.

# STRANGE CRAFT AT POINT

**Motorboats Make Calls and Passengers are Transported to and From Shore**

Wherever God erects a house of prayer,
The devil always builds a chapel there;
And 'twill be found upon examination,
The latter has the largest congregation.

Since the opening of the baseball season and the gathering of large crowds of people of both sexes on the reclaimed Baptizing cove, especially on Sundays, a bugeye with lines as sharp as a Tripolitan Corsair, has taken position within a stone's throw o fJones's Point, and it is alleged that spiritous and malt liquors can be obtained on this craft ad libitum regardless of the Byrd law.

An ark was stationed at the same place last summer until the proprietor was finally arrested and fined $50 in the police court.

The vessel is anchored a few yards south of the District of Columbia line, and in Maryland waters, but it has been placed there for the accommodation of Alexandrians who are transported to and from the reclaimed land.

In recent years, since the passage of the Byrd law, saloon keepers in this city, in the main, have kept their places closed on Sundays, according to law, but it seems that others engaged in the liquor traffic openly and defiantly carry on business on Sundays and that, too, in the sight of hundreds of people.

The law officers of the city can doubtless find some way in which this eyesore can be removed.

While all this was going on two colored evengelists were in the vicinity sounding warnings of the wrath to come.

### WOMAN PAINFULLY HURT.

**Mrs. Zinn, Thrown From Vehicle, has Both Ankles Broken.**

Gordonsville, Va., June 16.—Mrs. Flora Zinn, daughter of Col. Alexander Cameron, of Cameron Lodge, Orange county, and of Richmond, was seriously injured a day or two ago, when she was thrown from a vehicle, and suffered a fracture of both ankles and painful bruises.

Mrs. Zinn was taken to Cameron Lodge, a mile from Gordonsville, where the accident happened, where she was attended by Dr. John W. Wescott, who later called in Dr. Weaver of Gordonsville and Dr. Magruder, of Charlottesville. A trained nurse was secured from the University of Virginia hospital, and it was decided to send Mrs. Zinn to a hospital. She will remain at her father's country home.

Mrs. Zinn is the youngest daughter of Colonel and Mrs. Alexander Cameron, and a sister of Alexander Barclay Blackwood, and Don Cameron; of Misses Mary and Jeannie Cameron; of Mrs. Heron Crossman, of Pennsylvania.

### FREED BY NEGROES.

**Race Riot Occurs on Norfolk-Southern Electric Car.**

Norfolk, Va., June 16.—A small size race riot occurred on train 47, Norfolk-Southern electric division Saturday night, near the Coleman Place, Princess Anne county, in which one white man was badly cut and several negroes injured.

The trouble occurred when Conductor J.A. Jones refused to permit negroes to occupy the front car. One negro was placed under arrest, but a hundred others rushed the conductor and liberated the man. The conductor fired five shots at his assailants, but none of them took effect.

A negro hurled a bottle through the window of the car, striking a white passenger in the face, inflicting an ugly wound. Several white women on the car fainted, and the train was delayed nearly half an hour.

### STOPS REFERENDUM.

**Judge Crump's Ruling Blocks Primary In Augusta County.**

Staunton, Va., June 16.—On account of a ruling made by Judge Crump in Richmond, the Augusta Democratic committe will call a meeting in a few days to rescind its recent action calling for two sets of ballot boxes for the summer primary in which city and state officers are to be nominated.

One of the boxes were to be used for the receipt of ballots cast for candidates, and the other to be used for the receipt of ballots by which the voters of the county were to express their sentiments on the question of statewide submission of the liquor question.

While there was much opposition to this plan the committee's decision was moved to stand until this week, when Judge Beverley T. Crump, of the Law and Equity Court, Richmond, ruled on a point, raised in the capital, which has direct relationship to the local situation.

Judge Crump ruled that nothing should be printed on the ballots except what the law provides. A separate box and a separate box might interfere with the election.

Even if the two-box plan had been carried out, no real test of sentiment in the whole district would have been made because the city committee, refusing to sanction the innovation, had decided to hold the election in Staunton on the single issue of candidates.

### DEATH OF JOHN M. HERNDON.

Danville, Va., June 16.—John Maghee Herndon, son of City Collector Robert H. Herndon, died yesterday morning at 4:15 o'clock at the family residence, 482 West Main street, after a long illness of pulmonary phthisis.

Mr. Herndon was widely known through the state as a journalist.

### IN TOILS OF THE REVENUE.

**Four Officers Placed on Guard Over Petersburg Distillery.**

Richmond, Va., June 16.—The Pocahontas Distillery, in Petersburg, one of the largest whiskey making plants in the Sixth District, was placed under guard Saturday night by four revenue officers, following the discovery by Special Gauger J. A. Pierce, and Special Agent L. F. Hanesborough, of an alleged scheme to defraud the government of its tax on spirits. Until this morning the plant will be guarded constantly by one or more of the four officers, when Colonel W. H. Chapman, revenue agent for Virginia, will make his recommendation to Collector Lowry for the seizure of the distillery pending further investigation of the alleged irregularities.

The distillery was placed under guard because of the alleged discovery by the special revenue agents that a large tank, estimated to contain 1;200 gallons, high up the side of the distillery building underneath a water tank, was filled with beer ready for distillation. The officers had been told on previous inspection tours that this tank contained slop. Suspicions were aroused, however, and under cover of darkness, Pierce and Hansborough made a personal investigation of the tank's contents about 9:30 o'clock, and discovered its questionable character.

### 'COCAINE KING' UNDER ARREST

**W.W. Weymouth is Taken Into Custody After Months of Work on Part of Police.**

Norfolk, Va., June 16.—With several hundred dollars worth of cocaine in his possession, W. W. Weymouth, 918 Waverley street, known as the "Cocaine King," was arrested yesterday afternoon by Captain W. P. Ford, and Detectives Cruett and McLean. The catch was the result of months of work on the part of the police.

Saturday afternoon Captain Ford and Sergeat Guynn were passing near Weymouth's house, they saw an express wagon driveup and deliver a package. They summoned Detective Cruett and McLean, and when the express driver had delivered the package and left, they raided the house and arrested Weymouth. In his room were found several packages of cocaine, numerous bottles of morphine, and a number of needles used by "dope" fiends for injections.

The express package was found unopened. Weymouth was taken to police headquarters and locked up. The express package was opened and found to contain bottles of cocaine valued at probably several hundred dollars.

### WANTS A CHANGE.

**Have Staunton Plan in Charottesville.**

Charlottesville, Va., June 16.—The Staunton plan of government is to have a tryout at Charlottesville if the recommendation introduced at the meeting of the council on Thursday night becomes a law after the ordinance committee, to which it was referred, acts favorably. Charlottesville wants a business manager who will conuduct the affairs of the city and have the various committees assist him purely in an advisory capacity.

Under the resolution, his reports are to be submitted quarterly and he is to assume executive duties now developing on committees, whose efforts in the past to further the particular work on which they engaged and to get as large an appropriation as possible ,has led to unsatisfactory conditions. A canvass of the council is said to have shown a large majority in favor adopting the Staunton plan.

Thompson Brown, of Bedford county, candidate for comimssioner of agriculture, was opened his State headquarters in Murphy's hotel here and launched his campaign with an attack on what he alleged is "the lack of harmony and co-operation on the part of the present commissioner with other agricultural agencies working in the State."

Mr. Brown says that he is making his campaign on his record of twenty years of actual service on the board of visitors of the Virginia Polytechnic Institute and in the constitutional convention.

### COMMITS SUICIDE.

**Commercial Traveler Fires Bullet Into Brain.**

Hampton, Va., June 16.—Calvin H. Long, 54 years old, a commercial traveler for a Norfolk house, committed suicide in his home in Armistead avenue, Saturday, by firing a bullet from a revolver into his brain. Mr Long fired the shot at 10 o'clock, and died this afternoon at 5:30 o'clock without regaining consciousness. Ill health and despondency over his condition are attributed as the cause.

Mr. Long was born in Pocomoke City, Md. He came to Hampton about a year ago and entered business with the J. E. Gibson Coompany but later returned to the road. Two sons, both of whom hold responsible positions with the Pennsylvania Railroad, and one daughter, as well as the widow, survive.

### DEATH OF COL. LILLEY.

**Ex-Confederate Was Drill Master in Richmond During Civil War.**

Staunton, Va., June 16.—Colonel John D. Lilley, formerly a prominent Confederate Officer, the last in Augusta county above the rank of Captain, died Friday night at his home near here, aged 71 years. He leaves a wife and four sons.

Colonel Lilley was a brother of General Robert D. Lilley. He was educated at the V. M. I., and helped to organized the 52nd Virginia Infantry, going out as lieutenant and rising to lieutenant colonel. He commanded the regiment after the battle of the Bloody Angle, at which his colonel James H. Skinner, was permanently disabled. Colonel Lilley commanded it to the close of the war, surrendering at Appomattox.

He was one of the most dashing and daring soldiers who went out from Augusta county. Early in the war he was engaged in drilling soldiers in Richmond, and commanded the detail, consisting of the Nottoway Grays and the Brunswick Blues to bury Wyatt, the first soldier killed in the war. He was wounded at Spottsylvania Court House and at Trevillians.

The Truth About Electric Cooking

For large families where the average domestic help is employed and a large amount of cooking done, Electric Cooking will be found more expensive, and in most cases not advisable.

In small families, where no help is employed, and where nice equipment is desired, Electric cooking will be found many times more convenient, more certain in results and safer in operation—as well as reasonable in cost.

In every family a few utensils for early breakfast, emergency and special uses—and for cheering up cold meals with a warm dish or two—is highly advisable from every standpoint, including that of economy.

## ALDERMEN SHOULD PASS LICENSE BILL.

The unfortunate dead-lock in the city Council on the license law is probably without a precedent in the history of the city's affars. The oldest members of Council canot recall an incident where one branch has passed a bill with features objectionable to the other branch, when it was not possible for a conference committee to recommend a compromise measure that would concede something to the views of both sides. This condition becomes especially significant when it is recalled that the last conference committee that failed to agree was composed of three members favoring the higher license and one against it.

We have commented but slightly in regard to the license law heretofore, for two reasons; first, because we do not conceive it to be the function of a newspaper to endeavor either by criticisms or vituperation to influence members of Council in the exercise of their right to vote on all measures as to their individual judgment may seem best; and in the second place we believe that those favoring the higher license and actuated by the desire to increase the city's revenues while those opposing were voting their honest convictions against what they deemed an arbitrary and unjust increase in taxation without proper notice.

There seems, however, little expectation that the lower board will recede from its action, and as it is urgent that some license bill be passed, the Board of Aldermen, which has always acted as the balance-wheel in governing the city's affairs, should take its usual broad-minded view of the situation and pass the bill as received from the Common Council without further parley.

We can appreciate the feeling of resentment on the part of those members who have been apparently purposely misquoted. At the same time they can be consoled by the fact that such is the fate of all public officials who have the courage to stand out in the open in the defense of their convictions.

## FINALS AT THE HIGH SCHOOL.

The graduation exercises at the high school tonight will mark the close of the first year of an up-to-date course of four years' study, preparatory to university work. The city, as well as members of the faculty, the superintendent and the school board, should be congratulated upon this unquestioned advance in the educational facilities of Alexandria. No city in the state can boast a better course of study than has been adopted in our local high school, and the future will witness the advantage gained by an increased attendance and a greater number of graduates with each succeeding year. All concerned with the direction of the school have shown a desire to progress with the times and have united to give us a high school course that is a credit to Alexandria.

## GALLINGER'S COMPLAINT.

The statement of Senator Gallinger before the Senate investigating committee, Friday, relative to alleged acts of the president to intimidate Democratic senators into supporting the administraion tariff bill, is but an echo of the report which has been heard frequently during the past weeks. It is interesting to note, however, that the statement may always be traced to Republican sources. Any embarrassment that the minority can throw in the way of the dominant party in congress may readily be imagined satisfactory to the opponents of tariff revision. Such conclusions as to the president's conduct would carry more weight if they came from Democratic members who had felt the sting of the lash. Such members have, to date, maintained a strange silence on the subject, if Reupblican accounts are to be believed.

It is possible, of course, that a few Democrats in the Senate may be unwilling supporters of the new tariff measure. If so ,the six million voters who backed the Democratic nominees last November are not likely to sympathize with them. The country recalls very clearly a Democratic tariff measure that failed of the support of a few senators in the second Cleveland administration and had a great part in the party divisions that followed, resulting in Republican administrations for a period of sixteen years. The great mass of Democrats are not anxious to see a return to this condition.

Moreover, the party's stand on the tariff and its avowed determination to revise it fairly, made at Baltimore are as binding upon the senators as upon the President. We cannot believe that Mr. Wilson has attempted any deliberate usurpation of the prerogatives of the legislautre branch of the government. It is likely however, that his course has been productive of results so far as stiffening the backbones of a handful of wavering senators is concerned, and, if an earnest attempt to keep the party faith in the way of tariff revision and to insure a successful administration may be construed as intimidation, our Republican friends may make the most of it, but they'll find themselves barking up the wrong tree.

## NEWS OF THE DAY.

James Wright, 18 years old, died at Emergency Hospital, Washington, yesterday afternoon, two hours after being struck by a bullet from a revolver in the hands of his landlady, Mrs. Katherine Bauer, 42 years old. An investigation satisfied the police that the shooting was accidental, the woman averring that she did not know the weapon was loaded. Mrs. Bauer was taken to the house of detention before her condition became such that it was necessary to transfer her to the hospital.

With the recovery of two additional bodies, making a total of eight( it is believed the roll of victims killed outright in Saturday night's disastrous cave-in on the new Lexington avenue, New York, subway construction is completed. The condition of the two injured men dug out of the debris, however, is serious, and they may die.

Fire yesterday destroyed 3,000 feet of the Pennsylvania and Lehigh Valley railroad freight trestles across Newark Bay, between Greenville and Oak Island, N. J. The trestles, which were both double tracked, were built alongside each other for a distance of more than 5,000 feet. Officials have not yet determined the cause of the fire, but it is thought a freight car on the Pennsylvania trestle probably caught fire and the burning embers fell to the trestle crossties. Freight traffic to certain western points will be dtoured and it is not believed that there will be any lengthy delay in delivereies on either road. The Pennsylvania Railroad also lost 30 freight cars in the flames. The total loss may reach 500.000.

A riot was narrowly averted in the House of Representatives of the Illinois legislature at Springfield at six o'clock Friday night,when Representative Thomas N. Gorman, of Peoria, assaulted Representative George H. Wilson, of Quincy, the dry leador in the House, and knocked him down. Speaker Mc Kinley finally succeeded in restoring order, and prevented a free-for-all fight on the floor between the friends of Gorman and Wilson.

Bennett Simmons, an 18-year-old negro, was taken from the county jail at Anadarko, Okla., early Friday by a mob and hanged to a tree. The body was saturated with oil, riddled with bullets and then burned. Simmons was charged with the murder of Susie Church, 16 years old. She was returning on horseback from Coger, Okla., to her home in the county, when she was pulled from the horse and attacked. Two hours later her parents found her body in a clump of bushes. Her throat had been cut.

Water was admitted Saturday for the first time to the Gatun locks. This was for the purpose of testing the valves, and the test was considered completely successful.

Twenty-four persons, mostly women and children, were injured in a rear-end street car collision on the Creve Couer Lawe line in St. Louis county last night. Two of them probably will die. The accident occurred near Overland park. Both were open-air cars, running on a four-minute schedule, and crowded with about 100 picknickers each.

William White and Lawrence Bowen, waiters at the Hartford Club were drowned yesterday in Sompounce Lake, Southrington, Conn., otherwise known as the "bottomless lake." They were rowing and their boat capsized when one of them was trying to regain an oar they had lost. White made an attempt to save Bowen, but evidently weakened and also went down. The bodies have not been recovered.

The five-masted schooner Paul Palmer, bound light from Bangor, Me., for a coal port, was burned to the water's edge 7 miles north of Race Point, Cape Cod, late yesterday. Capt. Allen and the crew were taken off by the crew of a fishing schooner.

The earthquake of Saturday were renewed yesterday in many parts of Bulgaria. Two violent shocks occurred in the morning at Grabowive, where much damage was done. The seismic disturbance at Tirnova continued throughout Saturday, and the trembling of the earth had not ceased yesterday morning. At that price many people were killed and churches and public and private buildings were seriously damaged. Thousands are homeless and destitute.

**RATE DECISION.**

**Corporation Commission May Make Intrastate Rates.**

Washington, June 16.—Applying the Supreme Court's decision in the Minnesota rate case of conditions in Virginia, the Virginia state corporaton commission has the authority to make intrastate freight and passenger rates, but, if these rates are too high and believed confiscatory, the railroads have the right to carry the fight before the highest judicial tribunal in the land, establish their case, and upset the rates.

An analysis of the court's decision, lawyers say, points clearly to the fact that it tends more toward federal centraization than it does to the rights of the states. Concretely, the effect of the rate decision may be summarized as follows: (1) A state may enact and enforce a maximum rate law, unless congress sees fit to exercise its jurisdiction over all transportation by passing a uniform maximum rate law for the whole country. (2) The interstate commerce commission may not, without further authority from congress, interfere with interstate rates as fixed by a state legislature or railroad commission.

**INVESTIGATING ACCIDENT.**

**Engineer Doherty Alleged That Brakes Refused to Work.**

Stamford, Conn., June 16.—Charles J. Doherty, engineer of the train which crashed into the rear of another train on the New Haven Railroad Thursday, killing six persons and injuring 20 others, was Friday night placed under arrest on a warrent charging manslaughter, pending a result of the coroner's inquest now being held here. Doherty was released on $5,000 bail, furnished by his brother-in-law, John Dillon, a New Haven business man.

Under cross-examination at the coroner's inquest Friday, Doherty testified that the accident was caused by the failure of both the air brakes and the emrgency brakes on his engine to work when he applied them after reading the "yellow eye" caution signal on entering the block occupied by the train which he crashed into a few moments later. He also said the appliance used to reverse the power was too stiff to work properly. The engine driver further testified that he had reported the faulty condition of the brakes on this same engine two days before, when after coming in from his run, he had written in the train, dispatcher's books at Stamford, "brakes no good; won't work."

Doherty testified that he had disyards instead of sending them out to work with other engineers at the roundhouse and all of them had told him that they had found the same trouble on the new 150-ton mogul engines. The engineer said the trouble was that the engines were too stiff, and that the management of the railroad should have gone to the expense of "breaking in" these engines in the yards instead of sending them out to haul fast passenger trains.

Charles S. Mellen, president of the New Haven Railroad issued a statement yesterday afternoon expressing his grief over the Stamford wreck and reiterating the contention of the railroad authorities that the engineer was responsible for the crash.

"No man in this country," says Mr. Mellen's statement, "feels more keen sorrow and sympathy for the dead and injured than I do. Every precaution had been taken to prevent accidents of this kind. Doherty, the engineer, ran past his signals, and that was the cause of the accident."

Another statement given out at the railroad offices said:

"Those who have testified thus far before General-Manager Bardo gave it as their opinion that the accident was caused by lack of judgment on the part of the engineer. It was brought out that he was going at the rate of from 15 to 20 miles an hour just before he hit the train. The distance signal was 2,100 feet away from the home signals and could be seen 1,800 feet away. Therefore, the engineer had a total of 3,900 feet in which to stop his engine."

**Pawnbroker and Auto Tax Fixed.**

Vehicle and pawnbrokers license for Alexandria county were fixed by the Board of Supervisors Tuesday, subject to the approval of the circuit court. After July 1, pawnbrokers will pay into the county fund $120 a year, or if they do business without such a license will be subject to $200 fine.

Motor trucks carrying more than three and one-half tons must pay $100 a year, and those with less load a sum equal to the state motor tax to be divided in each case between the three district road funds. Animal drawn vehicles, coming outside the state, other than those owned by residents of Virginia, must pay one dollar to the three road funds.

A resolution requesting the Falls Church Telephone and Telegraph Co., to suspend construction of poles or wires, passed at a recent meeting of the board was rescinded.

The Alexandria City Automobile Association was given permission to post warnings at dangerous points along the road past Hume Spring.

Telephone and trolley poles at Cherrydale were ordered moved to the southside of the Falls Church road.

The deputy clerk of the county, Norris Bowen, was authorized to spend $35 for a filing cabinet and other devices to record criminal trials before justices of the peace, the circuit court, and the police court. He was also allowd a fee of $100 for the compiling of the records.

This tract, the old home of Lord Fairfax and separated from George Washington's home at Mt. Vernon by Dogue Creek, originally consisted of approximately twenty-seven hundred, (2,700) acres, of which 1,500 acres has been taken by the United States Government for a school of Equitation of Horsemanship. The balance, between ten and twelve hundred acres consists of valuable farming lands and about eight hundred (800) acres of valuable timber It has a large deep water frontage on the Potomac river as well as a large frontage on Dogue Creek, with valuable fishing shores. The property is improved by an old mansion house, familiarly known for many years as the "White House," a club house, barns, stables, out-buildings and tenant houses. It is situated on the county road between Mt. Vernon and Accotink, and is about four miles by road from Mt. Vernon. This property is one of the most historic in the section and would make a very desirable country estate because of its location and the opportunities afforded for fishing and shooting.

### HOT WAVE ARRIVES.

**Good Old Summer Time in Most Parts of Country.**

Chicago, une 16.—Good old sizzling summer, who has been lurking in the offing ever since last winter, emerged boldly into the open yesterday, and baked, blistered and roasted Chicago and all its adjacent territory to a fine brown.

In Milwaukee there were 12 serious prostrations and four drownings.

Five additional drownings are reported from various lakes in Northern Illinois patronized by Chicagoans who were fleeing the stifling heat of the city. The heat wave is general over the Middle and Central West.

Weather forecasters do not hold out any hope of immediate relief. They predict the heat wave will continue several days and spread over other sections of the country, chiefly south and east.

Washington, June 16.—Warm weather with clear skies over the greater part of the country is predicted for the coming week by the Weather Bureau. There will be scattered thunder showers the first part of the week along the northern border" the weekly bulletin says "and by the middle of the week showers will set in along the East Gulf and South Atlantic coasts. No important storm is charted to cross the country during the ensuing week, although a disturbance of minor intensity will form Tuesday or Wednesday over the western plateau region, and advance thence in a northeasterly direction attended by local thunder showers, and reach the region of the Great Lakes Thursday or Friday."

### CHARGES AGAINST A PASTOR.

**St. Louis Wife Says Rauch Pressed His Lips to Her Brow And She Remonstrated.**

St. Louis, June 16.—Mrs. Theodore J. Ferguson, of No. 1325 Walton avenue, has now come forward with her version of the kiss that made St. Louis famous and brought under investigation, Rev. Charles M. Rauch, pastor of the Cote Brilliante Presbyterian Church.

The Board of Trustees of the church exonerated Pastor Rauch, and Mrs. Ferguson thought this was out of order.

"I feel justified in making this statement," she said. " I was annoyed by Charles Comfort, one of the trustees, who was sent by a committee of the church, including the pastor, to try to persuade me to sign a statement saying I considered Pastor Rauch a good man.

"I told him plainly I would not sign any such statement. Note written by my husband in which he stated he had forgiven Pastor Rauch was written at the pastor's solicitation.

"We had forgiven him for his ungentlemanly conduct after he had apologized. But I cannot let statements about me go unanswered. To my knowledge Pastor Rauch admitted to four persons that I was in no way to blame for his conduct."

Mrs. Ferguson thus tells the story of the kiss.

"I am not of a vengeful spirit and I dislike very much having this affair resurrected. But I almost cried my eyes out when I read that Pastor Rauch had been exonerated by me and my husband and the trustees.

"I have forigven him, but I have never said a word indicating that he was not wholly to blame for what he did. His friends are insinuating that I encouraged him to kiss me. That is extremely unfair and Pastor Rauch himself knows it is false.

"I regret the report that the minister kissed me forty times. He kissed me but once. It was in his study and I never returned there alone.

"We were alone in his study, and when we had finished our consultation he arose from his desk and approached me I thought he was going to suggest that we offer up a prayer in behalf of his duties, but instead he kissed me on the brow.

"I was so astonished that I could not speak, I must have blushed, and when I began to stammer out a rebuke Pastor Rauch apologized. I would have permitted the matter to drop there, but it worried me so that I told my husband.

"He wanted to go to the minister at once, but I prevailed upon him to remain calm, and that is why he did not report the affair to the elders for several weeks."

The mysterious disappearance from St. Petersburg three months ago of Princess Iga Golitzine, wife of Prince Andre Golitzine, an officer in the czar's own imperial cavalry was solved yesterday when she was discovered in New York. The princess, who is 20 years old, is practically penniless, for she has pawned the last of her jewels. She is living in the Holland apartments. Born a princess of the house of Tcherkasskia, and married at 16 into the house of Goltzine, the vivacious Olga left the Russian court for a career on the stage in New York city.
